

Castaic Lake

FISHING REPORT

WEEK ENDING 03/13/2010

WATER TEMP: Mid 50's to low 60's

LOWER LAKE Trout Plant: 01/12/2010

UPPER LAKE Trout Plant: 03/10/2010

The upper lake has been planted at the west ramp with around 1200 to 1600 pounds of catchable sized rainbow trout. The trout can be caught on salmon peach power bait and small spinners. The strippers reacted pretty well to trout, so far only a few big fish to report and they have been caught in the late evening at the west ramp. The Huddleston is bait to be throwing, two 14 pounders, an 18 pounder, and a 22 ½ pounders have been caught at the west ramp since the 10th of March. The Spro BBZ and other similar swimbaits have been working great to bring up the bigger double digit fish. As far as being out on the lake for the strippers, not much has changed. Kong Island and Sharron's rest are the best spots to look for the strippers that are biting the cut bait. The largemouth are still doing well, its a little slow in the late morning but the bite picks up at around 5:00pm. Still the best way to approach the largemouth right now is with very light line, 4 pound, and drop shot rigs have been most productive. The lower lagoon is still a great spot for big largies right now and anglers have been catching them on the swimbaits and plastics.

WHOPPER OF THE WEEK

ANGLER NAME: Dave Williams DATE: 03/10/10
HOME TOWN: Canoga Park SPECIES: Striper
WIEGHT OF STRINGER: 36.7 NUMBER CAUGHT: 2 WEIGHT OF LARGEST FISH: 22.5
BAIT/ LURE USED: Huddleston LOCATION CAUGHT: WEST RAMP
